

INSTANT ENERGY

IPPT • MARATHONS • COMPETITIONS

2010 Youth Olympic Games Taekwondo Bronze medalist

Using JUMPSTART daily has helped minimise fatigue. It works very well in my muscle recovery resulting in less aches and soreness
- SHAFINAS RAHMAN

2010 Youth Olympic Games Taekwondo Bronze medalist

JUMPSTART aids in my recovery and it has helped me last longer without feeling tired during training. Thumbs up for the product!
- DARYL TAN

National 100m Sprinter National Junior 100m Record Holder

"After using JUMPSTART, I felt a difference in my performance during training as well as competitions. Applying the cream prior to my high-intensity activities, I get the burst that I need in my starts to the run. It also help greatly in my recovery. I can say that JUMPSTART works for me."
- CALVIN KANG

Singapore Slingsers

I have been suffering from leg cramps for last 2 seasons. Since using JUMPSTART, I stopped getting cramps. JUMPSTART gives me extra energy to last longer in the games
- AL VERGARA

Singapore Slingsers

After using JUMPSTART, I feel that my legs do not get tired. I am able to concentrate on my games without worrying about getting muscle tightness.
- LEO AVENIDO

Singapore Ironman 70.3.2010 Winner, 18-24 yr old category

I have been using JUMPSTART everyday since I was introduced to it. JUMPSTART effectively activates my leg muscles and reduces lactic build-up, crucial for endurance athlete performance. With fresher legs, I have been able to consistently attain many personal bests in training and competitions.
- ASHLEY LIEW

Amanda Lim
National Swimmer
6 National Swimming Record Holder (Women's Freestyle)

"After using JUMPSTART, I feel like I am ready to train and give my all. I feel so powered and pumped up like I am ready to sprint right through the walls. My arms and legs do not feel as fatigue as before. JUMPSTART would always be my number 1 choice!"

EXCEED YOUR LIMITS!

Ribose is a powerful source of instant energy which multiplies the ability of your muscles to work harder and longer.

JUMPSTART is an energy cream that contains **Ribose** supplemented with **Creatine**, **Carnitine** and **Caffeine**. Using Transdermal Technology, the active ingredients penetrate directly to the targeted muscles, giving a sustained boost to your performance during intense physical activities. It also helps in muscle recovery after the activity.

Exceed your personal best timings instantly for IPPT, marathons or competitions with **JUMPSTART!** *
