## EXCEED YOUR LIMITS!

**Ribose** is a powerful source of instant energy which multiplies the ability of your muscles to work harder and longer.

**JUMPSTART** is an energy cream that contains **Ribose** supplemented with **Creatine**, **Carnitine** and **Caffeine**. Using Transdermal Technology, the active ingredients penetrate directly to the targeted muscles, giving a sustained boost to your speed, strength and endurance during intense physical activities. It also helps in muscle recovery after the activity.

Exceed your personal best timings instantly for IPPT, marathons or competitions with **JUMPSTART!** \*

**Calvin Kang**

National 100m Sprinter  
National Junior 100m Record Holder

"After using JUMPSTART, I felt a difference in my performance during training as well as competitions. Applying the cream prior to my high-intensity activities, I get the burst that I need in my starts to the run. It also helps greatly in my recovery. I can say that JUMPSTART works for me."
